DID YOU KNOW?

The bike that changed everything

After 5 consecutive titles in the World Grand Prix Road Racing Series, Honda decided to withdraw and turn toward its primary target: transfer the technology obtained in competition to develop high-performance consumer machines. After an initial attempt with a 450cc machine, Honda released the CB750 Four in 1969. The initial production forecast of 1,500 units a year soon became a monthly figure and then jumped to 3,000 units per month. By pushing the boundaries of performance, reliability and easy handling in motorcycles, Honda created a new class of Superbike. The CB1000R is the modern expression of the same spirit that has guided Honda engineers for decades.

CB650R

UPDATED

DID YOU KNOW?

Where are these beautiful curves coming from?

One of the most distinctive attributes of the CB650R is its swooping four-into-one exhaust system. This beautiful design is a tribute to another iconic Honda: the CB400F also known as the CB 400 Four. Produced between 1975 and 1977, the CB 400 Four caused quite a stir thanks to its café racer look. Delivering only 37 bhp (28 kW) at 8,500 rpm and 24 lb-ft (33 N-m) at 7,500 rpm, its four-in-line engine was not meant to take the racetracks by storm. Yet, back in the late 70', some versions upgraded to 492cc were capable of 13,500 rpm and producing an estimated 60 bhp.

CB500F

UPDATED

DID YOU KNOW?

Is reliability supposed to be boring?

It's not rare to find a CB500F proudly boasting more than 180,000 miles but the long-time favourite of couriers and riding schools is much more than just a workhorse. Started in France in 1996, the CB500 Cup spread across Europe quickly and helped young talents such as Sebastien Charpentier and James Toseland to make a name for themselves on a budget.

REBEL 1100

UPDATED

DID YOU KNOW?

Do you really need a clutch lever?

The Dual Clutch Transmission made its worldwide debut for motorcycles in 2010 with the Honda VFR1200F and has been constantly improved since then. DCT allows the rider to focus on accelerating, turning and braking, rather than gear shifting which increases the rider's control. The DCT is completely different from the automatic transmission used by most scooters: it is structurally a conventional 6-speed transmission, just electronically controlled.

REBEL 1100

HEADLIGHT COWL

08ESY-MLA-HL

Adopt the power-cruiser style with this headlight cowl. It helps make your ride more comfortable by reducing the wind pressure to the upper body while adding to the unique style of the CMX1100. Fitment stay is included.

SHORT FRONT FENDER

08P70-MLA-D00

The Short Front Fender features the Rebel logo and central stripe adding a sporty touch to your bike. Matches perfectly with the headlight cowl.

SCREEN COWL

08ESY-MLA-SC

With its classic style, the Screen Cowl offers the maximum protection to riders who enjoy long distance cruising. Attachment and stays are included.

DESIGN & PROTECTION

CENTER TANK PAD

08P70-MLA-A00

This pad is exclusively designed to fit the tank shape and to protect it from scratches. With its "Rebel" logo and its diamond cut pattern, it beautifully matches the design of the 'Special Seats' (sold separately / see COMFORT section).

SIDE TANK PADS SET

08P71-MLA-A00

This set of tank pads are specially designed to fit the tank shape of the Rebel 1100 and protect the sides from scratches. The diamond cut pattern perfectly matches the diamond stitch design of the 'Special Seats' (sold separately / see COMFORT section).

WHEEL STRIPES

08F70 or 08F71-MLA-A00ZA

Available in Matt Axis Gray Metallic, the wheel stripes add a premium touch to your wheels. A separate set is required for each wheel size.

- 16" Rear (08F70)
- 18" Front (08F71)

MAIN SEAT (DIAMOND)

08R75-MLA-A00ZA or ZB

Thanks to its distinctive pattern and its luxurious leather material, the Diamond Seat will make your CMX1100 Rebel stand out. 2 colours available:

- Buffalo Brown (ZA)
- Black (ZB)

SPECIAL MAIN SEAT (DIAMOND)

08R72-MLA-J00ZA or ZB

The Special Seat features the diamond stitch pattern as well as an additional 25mm of cushioning. Designed with riders who prefer to not extend their legs in mind, this seat allows for a more comfortable riding position. 2 colours available:

- Buffalo Brown (ZA)
- Black (ZB)

BROWN PASSENGER SEAT

08R73-MLA-J00ZA

This Passenger Seat will match perfectly the Buffalo Brown Diamond Seats (sold separately).

COMFORT

MAIN SEAT (25MM FORWARD)

08R80-MLA-A00ZA

This seat adopts the same design as the standard seat but its extra 25mm cushion helps the rider to adopt a more comfortable position.

BACKREST KIT

08ESY-MLA-BR

To offer a more comfortable ride to your pillion, equip your Rebel 1100 with the backrest kit which features a padded backrest pad.

HEATED GRIPS

08ESY-MLA-GH

Extremely slim heated grips with smart heat allocation and 5 different heat levels. The heat level selected is displayed on the main screen and an integrated circuit protects the battery from draining.

RIGHT SADDLE BAG (SMALL)

08L04-K87-A31

Made of a sturdy and lightweight ballistic nylon, this saddlebag with a 10 litre capacity adds to the tough style of your Rebel. It can be attached/detached easily thanks to its three-point adapter. Equipped with a waterproof inner bag and easy to carry, this practical saddlebag is a must-have for everyday use.

LEFT SADDLE BAG (LARGE)

08L05-K87-A31

Made of a sturdy and lightweight ballistic nylon, this saddlebag with a 14 litre capacity adds to the tough style of your Rebel. It can be attached/detached easily thanks to its three-point adapter. Equipped with a waterproof inner bag and easy to carry, this practical saddlebag is a must-have for everyday use.

LUGGAGE

SADDLEBAG SUPPORT

08L72 or 08L73-MLA-J01

This support is required to attach a saddlebag to the side of your Rebel 1100 (Saddlebags sold separately).

REBEL 500

UPDATED

DID YOU KNOW?

From one Rebel to another?

Since 2013, The Bike Shed London has been a motorcycle exhibition like no other, celebrating the creative culture around the custom bike scene. It is there that Keita Mikura, the Rebel's Project Leader, was inspired to create a new kind of machine for young riders, leaving free space for further customisation. In 2017, the Rebel concept became reality and elevated to another level, thanks to the vision and the craftsmanship of 2 Brits: Dan Gold, a tattoo artist and Russ Brown, a custom bike builder.

REBEL

HEADLIGHT COWL

08R70-K87-A30

This black headlight cowl boosts the tough stance of the Rebel and protects the rider against the elements. Not compatible with the Meter Visor.

FRONT FORK BOOTS SET

08F70-K87-A30

The fork boots have been tested to protect the tubes against scratches and to ease smooth fork motion. Mounted with the fork covers (sold separately), they accentuate the 500 Rebel's unique attitude.

FRONT FORK COVERS SET

08F71-K87-A30

The matt black coating of these front fork covers accentuates the Rebel's tough image.

DESIGN & PROTECTION

CUSTOM RIDER SEAT

08R76-K87-A30ZA

The diamond stitched custom rider seat adds to the unique design of the CMX500 Rebel. Its slim-shaped cushion provides 60mm+ thickness to ensure the rider is comfortable.

CENTRE TANK PAD

08P70-K87-A30

These rubber-made pads are exclusively designed to fit the tank shape of the CMX500 Rebel and help to protect the paint from scratches. The diamond-cut pattern on the surfaces matches the design of the custom rider seat perfectly (sold separately).

SIDE TANK PADS

08P71-K87-A30

METER VISOR

08R74-K87-A30

The meter visor accents the headlight and improves comfort by protecting the rider's upper body from the wind. Not compatible with the headlight cowl.

12V SOCKET

08U71-K87-A30

The 12V socket can be neatly mounted beside the instrument cluster and its rubber cap prevents dirt or water ingress when not in use.

ADJUSTABLE BRAKE LEVER

08U70-K87-A30

By selecting 1 of the 5 pre-set positions, this black aluminium brake lever is adjustable to the rider's preference.

COMFORT ▲

SADDLEBAGS SET

08ESY-K87-BAGS / 08ESY-K87-BAGL

Made of a sturdy and lightweight ballistic nylon, these saddle bags add an extra layer of practicality to your CMX500 Rebel. They can be attached /detached in one touch for added convenience thanks to the included three-point adapter. Equipped with a waterproof inner bag and easy to carry, these saddlebags are a must-have for everyday use.

- Left side / 14 Litre capacity (08ESY-K87-BAGL)
- Right side / 10 Litre capacity (08ESY-K87-BAGS)

REAR CARRIER

08L70-K87-J80

The Rear Carrier allows you to carry extra luggage while also offering grips that improve pillion comfort. Required for the installation of the Pillion Backrest (sold separately).

PILLION BACKREST

08R73-K87-A30

Thanks to its double-density cushion, the backrest improves comfort for pillions. Must be combined with the Rear Carrier for installation (sold separately).

DID YOU KNOW?

When long-distance motorcycling became a reality

Honda's Gold Wing is one of the most iconic names in biking history. Revealed back in 1975, the Gold Wing became synonymous with long-distance motorcycling through the years. The world's longest motorcycle ride, spanning 10 years, over 200 countries and a total distance of 457,000 miles was achieved by an Argentinian rider on a 1980 Honda Gold Wing GL1100.

The Power of Dreams

Enthusiast. Rider. Dreamer.

At Honda, we don't believe in taking the easy way out. Never settle. Never rest. That's what we believe in.

It's a philosophy that means we never feel like we are done. It's why we never stop questioning the limits of every Motorcycle. Why we never stop striving for success, pushing innovation, engineering and development to the very limit. And then doing it again. And again.

It's why we're constantly pioneering engineering firsts – like the inline 4 stroke engine, dual clutch transmission, or the motorcycle airbag. It's why we go beyond the existing, unafraid to challenge the status quo of the motorcycle market.

That's the restless spirit that drives us forwards and is passed on to every Honda rider, pushing them on to their next adventure. On to the joy of true freedom. On to the next big dream.

Because, after all, it's our dreams that move us.

Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
